Newsletter
Clayton police department
March 2007

We are pleased to provide this monthly newsletter as a service to the community.

From the office of Police chief Scott R. Julian

Northeast NM Detention facility-In anticipation of the opening of the 600 plus bed town owned detention facility in July, G.E.O. Warden Tim Hatch and I have begun meetings to ensure that all basis are covered between the facility and the police department, law enforcement response to the facility, training, response plans and overall security for the facility, community, staff and inmates have been discussed. We fill that we are on the right path to ensure that community and facility security are networked properly.

Staff- we have recently added to our patrol staff a certified officer from Oklahoma, this officer is very pleased to be a new member of the community and is eager to get to know the citizens and assist in anyway he can. We are looking at adding another certified officer to our ranks within the next month.

Crime-unfortunately with the good we must factor in the bad, over the past 2 months we have experienced several auto burglaries, several suspects are being investigated at current time and arrests are pending. We at the police department ask that you lock your doors both to your vehicle and home, the suspects are targeting vehicles that are not secured, also do not leave valuables in public view.

Neighborhood watch- we are still in the process of beginning the neighborhood watch program, interested persons may call investigator Brian Schamber.
